The hallmark of our Missourian is versatility. Over the years we have probably shipped more variations on this single floorplan than any other. Its popularity comes from its flexibility plus excellent value, with more than 1,100 square feet of living space on one floor. The one-floor Missourian is an ideal vacation/retirement home with a spacious greatroom and two large bedrooms, full length shed porch and beamed ceilings. Its layout lends itself easily to customizing or future expansion.

Versatility marks this best value floorplan.
