

Oakmont

DESIGNS

From the front, our Oakmont looks typically country. A relaxing porch nestles between the master bedroom and garage. Inside visitors are greeted with a comfortable great room. The dining room opens onto a large deck while a cozy nook off the kitchen makes an ideal breakfast spot. A unique double entry allows sharing the whirlpool between the master and guest bedrooms. It's size and layout makes the Oakmont a good choice as a retirement home on a secluded site with a view.

One floor convenience designed for easy living.

1560 sq. ft.
Bedrooms: 2 Baths: 2
